DIN EN ISO 13138:2012-04 (E)

Air quality - Sampling conventions for airborne particle deposition in the human respiratory system (ISO 13138:2012)

Contents

Page

Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 5

4 Principle 7
4.1 General 7
4.2 Rationale for the early penetration conventions (EN 481 and ISO 7708) 8
4.3 Need for particle deposition conventions 8
4.4 Intended application 8

5 Assumptions and approximations 8

6 Deposition sampling conventions 9

Annex A (informative) Deposition variation and its correction 14
