ISO 21626-3:2020 (E)

Bamboo charcoal — Part 3: Purification applications

Contents

Foreword

Introduction

1 Scope

2 Normative references

3 Terms and definitions

4 Requirements

4.1 Sensory inspection
4.2 Requirements for air purification applications of bamboo charcoal

5 Sampling

6 Analytical methods

6.1 Visual inspection procedure
6.2 Determination of moisture content
6.3 Determination of ash content
6.4 Determination of fixed carbon
6.5 Determination of formaldehyde adsorption capacity
6.6 Determination of TVOC adsorption capacity

7 Marking and labelling

8 Packaging, transport and storage
