ISO/TR 8124-8:2024-09 (E)

Safety of toys - Part 8: Age determination - First age grade for the appropriate play of toys

Contents

Page

Foreword ... **iv**

Introduction ... **v**

1 Scope ... **1**

2 Normative references ... **1**

3 Terms and definitions ... **1**

4 Starting ages ... **2**

4.1 Children with starting ages birth to under 4 months ... 2

4.1.1 Aspects related to motor and cognitive development, and behaviour of children with starting ages birth to under 4 months ... 2

4.1.2 Recommended toy sub-categories ... 3

4.2 Children with starting ages 4 months to under 8 months ... 4

4.2.1 Aspects related to motor and cognitive development, and behaviour of children with starting ages 4 months to under 8 months ... 4

4.2.2 Recommended toy sub-categories ... 4

4.3 Children with starting ages 8 months to under 12 months ... 5

4.3.1 Aspects related to motor and cognitive development, and behaviour of children with starting ages 8 months to under 12 months ... 5

4.3.2 Recommended toy sub-categories ... 5

4.4 Children with starting ages 12 months to under 18 months ... 6

4.4.1 Aspects related to motor and cognitive development, and behaviour of children with starting ages 12 months to under 18 months ... 6

4.4.2 Recommended toy sub-categories ... 7

4.5 Children with starting ages 18 months to under 24 months ... 7

4.5.1 Aspects related to motor and cognitive development, and behaviour of children with starting ages 18 months to under 24 months ... 7

4.5.2 Recommended toy sub-categories ... 8

4.6 Children with starting ages 24 months to under 36 months ... 9

4.6.1 Aspects related to motor and cognitive development, and behaviour of children with starting ages 24 months to under 36 months ... 9

4.6.2 Recommended toy sub-categories ... 10

4.7 Children with starting ages 3 years to under 4 years ... 11

4.7.1 Aspects related to motor and cognitive development, and behaviour of children with starting ages 3 years to under 4 years ... 11

4.7.2 Recommended toy sub-categories ... 12

4.8 Children with starting ages 4 years to under 6 years ... 14

4.8.1 Aspects related to motor and cognitive development, and behaviour of children with starting ages 4 years to under 6 years ... 14

4.8.2 Recommended toy sub-categories ... 15

4.9 Children with starting ages 6 years to under 8 years ... 16

4.9.1 Aspects related to motor and cognitive development, and behaviour of children with starting ages 6 years to under 8 years ... 16

4.9.2 Recommended toy sub-categories ... 17

4.10 Children with starting ages 8 years to under 14 years ... 18

4.10.1 Aspects related to motor and cognitive development, and behaviour of children with starting ages 8 years to under 14 years ... 18

4.10.2 Recommended toy sub-categories ... 18

Annex A (informative) **Toy classification system, description of categories, and sub-categories** **20**
Annex B (informative) **Considerations regarding electronic toys** **27**
Annex C (informative) **Examples of considerations regarding complexity or play patterns affecting appropriate product-specific age grading** **28**
Bibliography **30**
