Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 3

4 Requirements 11

5 Marking (see 7.24 for test method) 19

6 Information for selection and use (see 7.4 and 7.25 for test method) 19

7 Verification of requirements 22

Annex A (normative) Timing diagrams for devices with and without reset 36

Annex B (informative) Operating speed, force and travel -- Explanatory remarks and recommendations 40

Annex C (informative) Device selection guidance for the machinery manufacturer/user 42

Annex D (informative) Design guidance 44

Annex E (informative) Application guidance 47

Annex F (informative) Guidance on installation, commissioning and testing 48

Annex G (informative) General considerations for systems meeting category 2 according to Bibliography 51
