Foreword ... 3

Introduction ... 4

1 Scope ... 5

2 Normative references ... 5

3 Terms and definitions ... 5

4 Requirements ... 6
4.1 Materials ... 6
4.2 Construction ... 6
4.3 Field of vision ... 7
4.4 Shock absorbing capacity ... 9
4.5 Durability ... 9
4.6 Retention system ... 9
4.6.1 General ... 9
4.6.2 Chin strap ... 9
4.6.3 Fastening device ... 9
4.6.4 Colour ... 9
4.6.5 Strength ... 9
4.6.6 Effectiveness ... 9
4.6.7 Ease of release ... 10

5 Testing ... 10
5.1 Headforms ... 10
5.2 Inspection and determination of mass ... 10
5.3 Number of samples and sequence of tests ... 10
5.4 Determination of shock absorbing capacity ... 11
5.4.1 Test area ... 11
5.4.2 Conditioning ... 11
5.4.3 Apparatus ... 12
5.4.4 Procedure ... 15
5.5 Determination of retention system strength and ease of release ... 15
5.5.1 Apparatus ... 15
5.5.2 Procedure ... 16
5.6 Determination of retention system effectiveness ... 16
5.6.1 Apparatus ... 16
5.6.2 Procedure ... 18
5.7 Determination of field of vision ... 19
5.8 Test report ... 19

6 Marking ... 19

7 Information supplied by the manufacturer ... 20

Annex A (informative) Alternative procedure for artificial ageing ... 21

Annex B (informative) Significant technical changes between this European Standard and EN 1078:1997 ... 22

Annex ZA [A1] (informative) [A1] Relationship between this European Standard and the Essential Requirements of EU Directive 89/686/EEC Personal Protective Equipment ... 23

Bibliography ... 24
