

DIN ISO 6003:2018-06 (E)

Alpine skis - Determination of mass and polar moment of inertia - Laboratory measurement method (ISO 6003:2017)

Contents		Page
National foreword		2
Foreword		4
1	Scope	5
2	Normative references	5
3	Terms and definitions	5
4	Apparatus	5
5	Sampling and conditioning	6
6	Calibration of measuring device	6
7	Procedure	7
8	Expression of results	8
	8.1 Mass of the ski	8
	8.2 Polar moment of inertia of the ski	8
9	Tolerances	10
	9.1 Measurement tolerances	10
	9.2 Tolerances on published data	10
10	Test report	10
