| 4.3                | Usage classes .....                                  | 3           |
| 5                  | Safety requirements .....                            | 4           |
| 5.1                | General .....  | 4           |
| 5.2                | Stability .....                                      | 4           |
| 5.3                | External construction .....                          | 4           |
| 5.3.1              | General .....  | 4           |
| 5.3.2              | Edges and corners .....                              | 4           |
| 5.3.3              | Tube ends .....                                      | 4           |
| 5.3.4              | Squeeze and shear points .....                       | 5           |
| 5.3.5              | Weights and other resistance means .....             | 5           |
| 5.4                | Entrapment of the user .....                         | 5           |
| 5.5                | Adjustment components and locking mechanisms .....   | 5           |
| 5.6                | Ropes, belts, chains and attachment components ..... | 6           |
| 5.6.1              | General .....  | 6           |
| 5.6.2              | Ropes and belts .....                                | 6           |
| 5.6.3              | Rope and belt guides .....                           | 6           |
| 5.7                | Pull-in points .....                                 | 6           |
| 5.7.1              | General .....  | 6           |
| 5.7.2              | Pulleys .....  | 6           |
| 5.7.3              | Chains, gears and sprockets .....                    | 6           |
| 5.8                | Hand grips .....                                     | 7           |
| 5.8.1              | Integral handgrips .....                             | 7           |
| 5.8.2              | Applied handgrips .....                              | 7           |
| 5.8.3              | Rotating handgrips .....                             | 7           |
| 5.9                | Endurance .....                                      | 7           |
| 5.10               | Isometric test function .....                        | 7           |
| 5.11               | Heart rate measurement system .....                  | 7           |
