Foreword 3

Introduction 4

1 Scope 6

2 Normative references 6

3 Terms and definitions 8

4 Materials and components 10
4.1 General 10
4.2 Sewing thread 12
4.3 4.4 Structural webbing and tie tape 18
4.5 Structural lacing 20
4.6 Structural zippers 20
4.7 Hardware 23
4.8 Foam flotation material 29
4.9 Inflation chamber materials 37
4.10 Polymeric foam coatings 41
4.11 Inflation systems for hybrid and fully inflatable PFDs 46
4.12 Gas-filled cylinders 62

Annex A (informative) Mildew resistance of materials: Soil burial method 78

Annex B (informative) Abrasion resistance of cloth: Oscillatory method (Wyzenbeek method) 80

Annex C (informative) Example of a design drawing 83
