Technical product documentation (TPD) — General requirements of mechanical product digital manuals

Contents

	Foreword
1	Scope
2	Normative references
3	Terms and definitions
4	Abbreviations
5	Composition of digital manuals
6	Basic principles
7	Preparation process
7.1	Relationship of data
7.2	Information preparation
7.3	Preparation of digital manuals
7.3.1	Preparation of SBOM
7.3.2	Preparation of DE
7.3.3	Preparation of DM
7.3.4	Preparation of templates
7.4	Release of digital manuals
8	General requirements
8.1	Compiling requirements
8.2	Data requirements
8.3	Content and presentation requirements
9	Detailed requirements
9.1	SBOM requirements
9.1.1	Preparation principles
9.1.2	Structure transformation requirements
9.1.3	Preparation requirements
9.1.3.1	Preparation of PT-SBOM
9.1.3.2	Preparation of PI-SBOM
9.2	DE requirements
9.2.1	Model requirements
9.2.1.1	General requirements
9.2.1.2	Detailed requirements
9.2.2	Text requirements
9.2.3	Picture requirements
9.2.4	Audio requirements
9.2.5	Video requirements
9.3	DM requirements
9.4	Template requirements
9.4.1	Basic requirements
9.4.2	Requirements of the online template
9.4.2.1	Directory tree requirements
9.4.2.2	Picture requirements
9.4.2.3	Table requirements
9.4.2.4	Scroll bar requirements
9.4.3	Requirements of the printed template

10 Releasing and application requirements

- 10.1 Releasing requirements**
- 10.2 Application requirements**
 - 10.2.1 Advertisement requirements**
 - 10.2.2 Sales requirements**
 - 10.2.3 Training requirements**
 - 10.2.4 Service requirements**
 - 10.2.5 Browsing requirements**

11 Management requirements

- 11.1 General requirements**
- 11.2 Life cycle management requirements**
 - 11.2.1 General requirements**
 - 11.2.2 Preparation stage management requirements**
 - 11.2.3 Releasing stage management requirements**
 - 11.2.4 Maintenance stage management requirements**
 - 11.3 Data management requirements**

Annex A (informative) Relationship of data at each preparation stage of a digital manual

Annex B (informative) Preparation process of SBOM

Annex C (informative) Preparation process of a model

Annex D (informative) Preparation process of DE

Annex E (informative) Preparation process of DM

Annex F (informative) Preparation process of a template

Annex G (informative) Transformation rules from EBOM to PT-SBOM

Annex H (informative) Example of an online template
