

# DIN EN 15268:2008-11 (E)

## Petrol filling stations - Safety requirements for the construction of submersible pump assemblies

---

| Contents  | Page |
|---|------|
| Foreword .....  | 3    |
| Introduction .....  | 4    |
| 1 Scope .....   | 5    |
| 2 Normative references .....  | 5    |
| 3 Terms and definitions .....   | 6    |
| 4 List of significant hazards .....   | 7    |
| 5 Safety requirements and/or protective measures .....  | 9    |
| 6 Verification of the safety requirements and/or protective measures .....  | 13   |
| 7 Information for use .....   | 14   |
| Annex A (informative) Subsystems of submersible pump assemblies .....   | 19   |
| Annex B (normative) Test methods .....  | 20   |
| Annex C (normative) Alternative requirements for explosion prevention and protection of the electrical motor .....                                | 22   |
| Annex D (informative) Guidance for the application, installation and maintenance of submersible pump assemblies and the connected pipe work ..... | 23   |
| Annex ZA (informative) Relationship between this European Standard and the Essential Requirements EU Directive 94/9/EC .....                      | 27   |
| Annex ZB (informative) Relationship between this European Standard and the Essential Requirements EU Directive 98/37/EC .....                     | 31   |
| Annex ZC (informative) Relationship between this European standard and the essential requirements of EU directive 2006/42/EC .....                | 32   |
| Bibliography .....  | 33   |
