| 5.1 General .....                                                                                                | 10 |
| 5.2 Minimum shell thickness .....                                                                                | 10 |
| 5.3 Reduction of shell thickness .....                                                                           | 10 |
| 5.4 Protection of the shell .....                                                                                | 11 |
| 5.5 Protection of equipment .....                                                                                | 11 |
| 5.6 Other design requirements .....                                                                              | 12 |
| 6 Calculation .....                                                                                              | 12 |
| 6.1 General .....                                                                                                | 12 |
| 6.1.1 General .....                                                                                              | 12 |
| 6.1.2 Calculation scheme for the wall thickness of metallic pressure tanks of RID/ADR Chapter 6.8 .....          | 12 |
| 6.1.3 Calculation scheme for the wall thickness of metallic portable pressure tanks of RID/ADR Chapter 6.7 ..... | 13 |
| 6.2 Design criteria .....                                                                                        | 14 |
| 6.3 Calculation for internal pressure .....                                                                      | 16 |
| 6.3.1 General .....                                                                                              | 16 |
| 6.3.2 Wall thickness of the cylindrical section .....                                                            | 16 |
| 6.3.3 Wall thickness of ends .....                                                                               | 17 |
| 6.3.4 Wall thickness of conical sections .....                                                                   | 21 |
| 6.3.5 Openings and reinforcements .....                                                                          | 23 |
| 6.3.6 Manhole covers .....                                                                                       | 30 |
| 6.3.7 Flanges, joints, bolts .....                                                                               | 35 |
| 6.4 Calculation for external pressure .....                                                                      | 37 |
| 6.4.1 General .....                                                                                              | 37 |
| 6.4.2 Tanks, where external over pressure is part of operating conditions .....                                  | 37 |
| 6.4.3 Tanks, where external over pressure is not part of operating conditions .....                              | 37 |
| 6.4.4 Test .....                                                                                                 | 37 |
| 6.5 Tank to frame connection/interface .....                                                                     | 38 |
| 7 Construction and manufacturing .....                                                                           | 38 |
| 7.1 General requirements .....                                                                                   | 38 |
| 7.2 Cutting .....                                                                                                | 38 |
| 7.3 Forming .....                                                                                                | 39 |
| 7.3.1 General .....                                                                                              | 39 |
| 7.3.2 Cold forming .....                                                                                         | 39 |

|                                                                                                   |                                                                                  |    |
|---------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------|----|
| 7.3.3                                                                                             | Hot forming .....                                                                | 39 |
| 7.3.4                                                                                             | Ends .....                                                                       | 40 |
| 7.3.5                                                                                             | Heat treatment and normalizing .....                                             | 40 |
| 7.4                                                                                               | Welding .....                                                                    | 40 |
| 7.4.1                                                                                             | Qualification .....                                                              | 40 |
| 7.4.2                                                                                             | Welded joints .....                                                              | 40 |
| 7.4.3                                                                                             | Examination and testing of welds .....                                           | 41 |
| 7.4.4                                                                                             | Temporary attachments .....                                                      | 41 |
| 7.5                                                                                               | Manufacturing tolerances .....                                                   | 41 |
| 7.5.1                                                                                             | Plate alignment .....                                                            | 41 |
| 7.5.2                                                                                             | Defects of form .....                                                            | 42 |
| 7.5.3                                                                                             | Thickness .....                                                                  | 42 |
| 7.5.4                                                                                             | Dished ends .....                                                                | 42 |
| 7.5.5                                                                                             | Cylindrical sections .....                                                       | 42 |
| 8                                                                                                 | Repairs .....                                                                    | 43 |
| 8.1                                                                                               | General .....                                                                    | 43 |
| 8.2                                                                                               | Repair of surface defects in the parent metal .....                              | 43 |
| 8.3                                                                                               | Repair of weld defects .....                                                     | 43 |
| Annex A (informative) Sample calculation for tank containers according to RID/ADR Chapter 6.8 ... |                                                                                  | 44 |
| A.1                                                                                               | Introduction .....                                                               | 44 |
| A.2                                                                                               | Dimensions, characteristics of materials, operating and testing conditions ..... | 44 |
| A.3                                                                                               | Calculation according to branch A .....                                          | 45 |
| A.4                                                                                               | Calculation according to branch B .....                                          | 45 |
| A.5                                                                                               | Calculation according to branch C .....                                          | 46 |
| A.6                                                                                               | Calculation according to branch D .....                                          | 48 |
| A.7                                                                                               | Results .....                                                                    | 57 |
| Annex B (informative) Explosion pressure shock resistant design of tanks .....                    |                                                                                  | 59 |
| Bibliography .....                                                                                |                                                                                  | 61 |
