DIN EN ISO 10135:2010-02 (E)

Geometrical product specifications (GPS) - Drawing indications for moulded parts in technical product documentation (TPD) (ISO 1 0135:2007)

Contents

Page

Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 6

4 Letter Symbols 6

5 Line conventions 7

6 Drawing indications for moulded parts 7
6.1 Parting surface 7
6.2 Tool markings 9
6.3 Special ejector markings identifier 10
6.4 Mismatch 11
6.5 Flash 15
6.6 Extent of specification 17
6.7 Draft angles 24
6.8 Tool motion direction 36
6.9 Part removal direction 38
6.10 Surface enlargement 39
6.11 Sinks 40
6.12 Porosity 41
6.13 Identification and marking 41
6.14 Other necessary information 42
6.15 Special indication for undisturbed surfaces 43

7 Rules for linear and geometrical dimensioning and tolerancing 43
7.1 Linear dimensioning and tolerancing 43
7.2 Geometrical tolerancing 47
7.3 Datums 47
7.4 Surface texture 47
7.5 Edges 47

Annex A (normative) Proportions and dimensions of graphical symbols 48

Annex B (informative) Former practice (tapered features) 52

Annex C (informative) Relation to the GPS matrix model 54
