

DIN EN ISO 12180-2:2011-07 (E)

Geometrical product specifications (GPS) - Cylindricity - Part 2: Specification operators (ISO 12180-2:2011)

Contents		Page
Foreword		3
Introduction		4
1	Scope	5
2	Normative references	5
3	Terms and definitions	5
4	Complete specification operator	6
4.1	General	6
4.2	Probing system	6
5	Compliance with the specification	6
Annex A (informative) Harmonic content of nominally cylindrical workpiece and extraction strategy		7
Annex B (informative) Extraction strategies		11
Annex C (informative) Relationship to the GPS matrix model		14
Bibliography		16
