ISO 12180-2:2011-04 (E)

Geometrical product specifications (GPS) - Cylindricity - Part 2: Specification operators

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Complete specification operator 2
4.1 General 2
4.2 Probing system 2

5 Compliance with the specification 2

Annex A (informative) Harmonic content of nominally cylindrical workpiece and extraction strategy 3

Annex B (informative) Extraction strategies 7

Annex C (informative) Relationship to the GPS matrix model 10
