

# DIN EN ISO 25178-3:2012-11 (E)

## Geometrical product specifications (GPS) - Surface texture: Areal - Part 3: Specification operators (ISO 25178-3:2012)

---

<b>Contents</b>		<b>Page</b>
Foreword .....		3
Introduction .....		4
1	<b>Scope</b> .....	5
2	<b>Normative references</b> .....	5
3	<b>Terms and definitions</b> .....	5
4	<b>Complete specification operator</b> .....	6
4.1	<b>General</b> .....	6
4.2	<b>Method of extraction</b> .....	6
4.3	<b>Association method</b> .....	10
4.4	<b>Filtration</b> .....	10
4.5	<b>Definition area</b> .....	11
5	<b>General information</b> .....	11
<b>Annex A (informative) Decision tree for complete specification operator</b> .....		12
<b>Annex B (normative) Default attribute values for parameters from ISO 25178-2</b> .....		13
<b>Annex C (normative) Default units for parameters from ISO 25178-2</b> .....		15
<b>Annex D (informative) Relationship with surface texture profile parameters</b> .....		18
<b>Annex E (informative) Relation to the GPS matrix model</b> .....		20
<b>Bibliography</b> .....		22
