ISO 21143:2020-02 (E)

Technical product documentation - Requirements for digital mock-up virtual assembly test for mechanical products

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Termsanddefinitions 1

4 VAT process 3
4.1 General principles 3
4.2 Workflow process 3

5 VAT preparation requirements 4
5.1 General 4
5.2 Test plan 4
5.3 Model preparation 4
5.3.1 Product modelling 4
5.3.2 Environment modelling 4
5.3.3 Virtual operator modelling 5
5.3.4 Model qualification 5
5.4 Configuration and initialization 5

6 VAT implementation requirements 5
6.1 General 5
6.2 Interference inspection 6
6.2.1 Inspection tasks 6
6.2.2 Static interference inspection 6
6.2.3 Dynamic interference inspection 8
6.3 Assembly feasibility analysis 9
6.3.1 Analysis tasks 9
6.3.2 Assembly process analysis 10
6.3.3 Ergonomics evaluation 11

7 VAT review requirements 12
7.1 General 12
7.2 Preparation 13
7.3 Plan 13
7.4 Process 13
7.5 Report 13
