European foreword 3

Foreword 4

Introduction 5

1 Scope 7

2 Normative references 7

3 Terms and definitions 7

4 Maximum material requirement (MMR) and least material requirement (LMR) 11
4.1 General 11
4.1.1 MMVS or LMVS specification 11
4.1.2 Indirect determination of MMVS or LMVS 11
4.1.3 Direct indication of MMVS or LMVS 12
4.1.4 MMR or LMR applied to several toleranced features 13
4.1.5 Simultaneous requirement 13
4.1.6 MMR or LMR on a datum without MMR or LMR on the toleranced feature 13
4.2 Maximum material requirement (MMR) 13
4.2.1 MMR for toleranced features with indirect determination of virtual size 13
4.2.2 MMR for related datum features with indirect determination of virtual size 14
4.2.3 MMR for toleranced features with direct indication of virtual size 16
4.2.4 MMR for related datum features with direct indication of virtual size 16
4.3 Least material requirement (LMR) 17
4.3.1 LMR for toleranced features with indirect determination of virtual size 17
4.3.2 LMR for related datum features with indirect determination of virtual size 18
4.3.3 LMR for toleranced features with direct indication of virtual size 19
4.3.4 LMR for related datum features with direct indication of virtual size 20

5 Reciprocity requirement (RPR) 21
5.1 General 21
5.2 Reciprocity requirement (RPR) and maximum material requirement (MMR) 21
5.3 Reciprocity requirement (RPR) and least material requirement (LMR) 21

Annex A (informative) Examples of tolerancing with , and 22

Annex B (informative) Former practice 54

Annex C (informative) Concept diagram 55

Annex D (informative) Use of symbols for geometrical characteristics with or 57

Annex E (informative) Relation to the GPS matrix model 59
