

ISO 18602:2013-01 (E)

Packaging and the environment - Optimization of the packaging system

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
2	Normative references	1
3	Terms and definitions	1
4	Requirements	3
4.1	Application	3
4.2	Packaging assessment	3
4.3	Demonstration that the requirements of this International Standard have been met	4
5	Critical areas to assess when determining the achievable level for packaging optimization	4
Annex A (informative) Guidelines on the use of this International Standard for determining the achievable level for packaging optimization		5
Annex B (informative) Examples of the application of this International Standard using the checklist		10
Annex C (informative) Assessment and minimization of substances or mixtures hazardous to the environment		15
Bibliography		26
