## Soil quality - Guidance on long and short term storage of soil samples

---

| <b>Contents</b>                                    |  | <b>Page</b> |
|--|--|-------------|
| Foreword .....                                     |  | iv          |
| Introduction .....                                 |  | v           |
| 1  | Scope .....  | 1           |
| 2  | Normative references .....   | 1           |
| 3  | Terms and definitions .....  | 3           |
| 4  | General comments on soil storage .....   | 3           |
| 5  | Change in soil properties during storage .....   | 4           |
| 6  | Storage conditions .....   | 4           |
| 6.1  | General .....  | 4           |
| 6.2  | Light .....  | 4           |
| 6.3  | Temperature .....  | 4           |
| 6.4  | Humidity .....   | 4           |
| 6.5  | Accessibility, security, documentation and quality control .....   | 5           |
| 6.6  | Duration of storage .....  | 5           |
| 6.7  | Containers and quantity of sample stored .....   | 5           |
| 6.8  | Preparing the samples after storage .....  | 5           |
| 7  | Stepwise scheme .....  | 6           |
| 8  | Step A: Consideration of need for further analysis and duration of storage .....   | 6           |
| 9  | Step B: Consideration of parameters currently relevant to the study .....  | 6           |
| 10   | Step C: Consideration of parameters which may be of interest in the future .....   | 6           |
| 11   | Step D: Consideration of how each of these parameters may be affected by storage conditions .....                                | 7           |
| 11.1   | General .....  | 7           |
| 11.2   | Soil characteristics .....   | 7           |
| 11.3   | Chemical parameters .....  | 7           |
| 11.4   | Biological tests .....   | 10          |
| 12   | Step E: Design of storage conditions required to avoid change in sample properties .....   | 11          |
| 13   | Step F: Design of documentation and labelling scheme including sample management ...   | 11          |
| 14   | Step G: Estimation of costs for storage and documentation and comparison of these costs with available or expected funding ..... | 11          |
| 15   | Test report .....  | 12          |
| Annex A (normative) Storage for soil samples ..... |  | 13          |
| Bibliography .....                                 |  | 16          |
