## Soil quality - Guidance for burial of animal carcasses to prevent epidemics

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Objectives and constraints .....	2
5	Planning of burial programme .....	3
5.1	Time of burial .....	3
5.2	Consideration of diseases and kind of animal carcasses infected .....	3
5.3	Selection of burial site .....	4
6	Construction of burial pit .....	9
6.1	Preparation of the site .....	9
6.2	Excavation of the burial site .....	10
6.3	Placement of lining materials and discharge pipes .....	10
6.4	Placing of carcasses in the burial pit .....	11
6.5	Coverage of burial pit after finalization of placement of carcasses .....	11
7	Maintenance after burial .....	12
7.1	Safety measures .....	12
7.2	Odour treatment .....	12
7.3	Gas discharge .....	12
7.4	Leachate treatment .....	12
7.5	Surface regrading .....	12
8	Monitoring .....	12
9	Reuse of burial sites .....	12
10	Report and record keeping .....	13
Annex A (informative) Examples of national specifications regarding burial of animal carcasses .....		14
Annex B (informative) Diseases listed by the World Organisation for Animal Health (OIE) .....		22
Annex C (informative) Examples of the design of protection layers for perforated drainage pipes .....		26
Bibliography .....		27
