Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 6

4 Symbols and abbreviations 6

5 Pipes and fittings requirements 6
5.1 General 6
5.2 Operating pressure, operating temperature and tightness 6

6 Dimensions 7
6.1 General and tolerances 7
6.2 Pipes, fittings and seals used for system X in accordance with EN 1124-3 8
6.2.1 Sockets 8
6.2.2 Pipes and fittings for deck drainage and gravity drainage systems (gravity systems) 9
6.2.3 Components for vacuum systems 17
6.2.4 Other fittings 17
6.2.5 Seals for system X 17
6.3 Pipes, fittings and seals used for system S as specified in EN 1124-2 19
6.3.1 Sockets for gravity drainage systems (gravity systems) 19
6.3.2 Pipes and fittings for deck drainage and gravity drainage systems (gravity systems) 20
6.3.3 Components for vacuum systems 30
6.3.4 Other fittings 30
6.3.5 Seals for system S 30

7 Testing 30

8 Assessment of conformity 31
