Foreword 3

1 Scope 4

2 Normative references 4

3 Termsanddefinitions 4

4 General description of a cableway system 4
4.1 Elements of a cableway system 4
4.2 Cableway supports 4
4.3 Main track or main cable 6
4.4 Anchorage 6
4.5 Tow cable for a bankside system 6
4.6 Suspension cable 6
4.7 Instrument carriage for a bankside system 7
4.8 Personnel carriage 7
4.9 Winch arrangements for a bankside system 7
4.10 Winch arrangements for a personnel carriage 7
4.11 Lightning protection 7

5 Functional requirements of cableway components 7
5.1 Safety factors 7
5.2 Cableway supports 8
5.3 Selection of main cable or track 9
5.4 Anchorage 9
5.5 Backstays 9
5.6 Tow cable 9
5.7 Carriages 9
5.8 Winches 10

6 Maintenance, examination and testing 12
6.1 General examination 12
6.2 Routine inspection 12
6.3 Static testing 12
6.4 Lubrication 13
6.5 Checking the sag 13

Annex A (informative) Cableway characteristics 14

Annex B (informative) Limiting main cable tension in bankside cableways 25
