

# DIN EN 16932-1:2018-07 (E)

## Drain and sewer systems outside buildings - Pumping systems - Part 1: General requirements

---

<b>Contents</b>		<b>Page</b>
European foreword .....		4
Introduction .....		5
1	Scope .....	7
2	Normative references .....	7
3	Terms and definitions .....	8
4	General .....	11
5	Health and safety .....	11
6	Types of pumping systems .....	11
6.1	Introduction .....	11
6.2	Single pumping station systems .....	12
6.3	Lift stations .....	12
6.3.1	General .....	12
6.3.2	Pumping stations with screw pumps .....	12
6.4	Pressure sewer systems .....	13
6.5	Vacuum sewer systems .....	14
6.6	Selection .....	15
7	Planning of pumping systems .....	17
7.1	Introduction .....	17
7.2	Performance requirements .....	17
7.3	Location .....	18
7.3.1	General .....	18
7.3.2	Location of pumping stations and vacuum stations .....	18
8	Detailed design of pumping stations and vacuum stations .....	19
8.1	Introduction .....	19
8.2	External layout and access .....	19
8.3	Environmental impact .....	20
8.3.1	General .....	20
8.3.2	Impact of discharges from overflows .....	20
8.3.3	Noise and vibration .....	20
8.3.4	Odour control .....	20
8.3.5	Visual impact .....	20
8.4	Structural design .....	20
8.5	Power supply .....	21
8.6	Resilience .....	21
8.7	Pump units .....	22
8.7.1	General .....	22
8.7.2	Impellers .....	23
8.7.3	Pump drivers and drives .....	23
8.8	Instrumentation, controls and electrical equipment .....	24
8.8.1	General .....	24
8.8.2	Control systems .....	24
8.8.3	Monitoring .....	24

8.8.4	Power switchgear and controlgear assemblies (PSC-ASSEMBLIES) .....	25
8.9	Cabinets and buildings .....	26
8.10	Maintenance considerations .....	26
9	Detailed design of rising mains and vacuum pipelines .....	26
9.1	Introduction .....	26
9.2	Structural design .....	26
9.3	Choice of materials and components .....	27
9.4	Discharge points .....	28
9.5	Valves and valve chambers .....	28
9.5.1	Valves .....	28
9.5.2	Valve chambers .....	28
9.6	Means of inspection .....	29
10	Installation .....	29
10.1	Installation of pipelines .....	29
10.2	Installation of pumping stations and vacuum stations .....	29
11	Testing and commissioning .....	29
11.1	Commissioning .....	29
12	Operations and maintenance .....	29
12.1	Introduction .....	29
12.2	Inspection and maintenance activities .....	30
12.3	Operations and maintenance manuals and training .....	31
	Bibliography .....	32
