

ISO 20244:2018 (E)

Soil quality — Screening method for water content — Determination by refractometry

Contents

	Foreword
	Introduction
1	Scope
2	Normative references
3	Terms and definitions
4	Principle
5	Apparatus and reagents
6	Procedure
6.1	Selection of a temperature correction mode
6.2	Creation of a correlation curve
6.3	Confirmation of refractometer performance
6.4	Procedure for on-site determination of water contents
7	Calculation of results
8	Quality control
8.1	General performance
8.2	Site-specific performance
9	Test report
Annex A	(informative) Validation results and statistical evaluation
