## Marine technology - Product water quality of seawater reverse osmosis (RO) desalination - Guidelines for municipal water supply

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1 <b>Scope</b> .....		1
2 <b>Normative references</b> .....		1
3 <b>Terms and definitions</b> .....		1
4 <b>Desalted water quality</b> .....		1
5 <b>Product water quality</b> .....		1
6 <b>Monitoring frequency</b> .....		2
7 <b>Test methods</b> .....		2
<b>Annex A (informative) Calculation method of calcium hardness</b> .....		3
<b>Annex B (informative) Calculation method of the Langelier saturation index (LSI)</b> .....		4
<b>Annex C (informative) Information of product water quality of seawater RO desalination in specific cases</b> .....		5
<b>Bibliography</b> .....		6
