DIN 30660:2022-04 (E)

Sealing materials for metallic threaded joints in potable water installations

Contents

Page

Foreword ... 3

1 Scope ... 4

2 Normative references ... 4

3 Terms and definitions ... 4

4 Requirements ... 4
4.1 General ... 4
4.2 Resistance to water ... 5
4.3 Impairment of drinking water quality ... 5

5 Testing ... 6
5.1 General ... 6
5.2 Testing resistance to water ... 6
5.3 Testing impairment of drinking water quality ... 6
5.3.1 Sealing pastes ... 6
5.3.2 Sealing tapes and strings, e.g. made of PTFE ... 6

6 Application of sealing materials for metallic threaded joints ... 6
6.1 General ... 6
6.2 Sealing threaded joints with hemp ... 6
6.3 Application recommendations ... 7
6.4 Sealing of threaded joints with PTFE tapes and strings ... 7

7 Marking ... 7

Bibliography ... 8
