DIN EN 17813:2024-03 (E)

Environmental solid matrices - Determination of halogens and sulfur by oxidative pyrohydrolytic combustion followed by ion chromatography

Contents

Page

European foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 4

4 Principle 4

5 Interferences 5
5.1 Interferences during combustion 5
5.2 Interferences during absorption 5
5.3 Interferences during ion chromatography 5

6 Reagents and gases 5
6.1 General 5
6.2 Reagents for ion chromatography 5
6.3 Reagents and gases for combustion 7
6.4 Control standard 7
6.5 Reagents for absorption 8

7 Apparatus 8
7.1 Combustion apparatus 8
7.2 Ion chromatography (IC) system 9

8 Sampling and sample preparation 11

9 Procedure 11
9.1 Combustion 11
9.2 Absorption 12
9.3 Ion chromatography 12
9.4 Initial and daily checks 13

10 Calculation 14

11 Expression of result 14

12 Test report 14

Annex A (informative) Performance characteristics 15
