

# DIN EN 17813:2024-03 (E)

## Environmental solid matrices - Determination of halogens and sulfur by oxidative pyrohydrolytic combustion followed by ion chromatography

---

<b>Contents</b>		<b>Page</b>
European foreword .....		3
1	Scope .....	4
2	Normative references .....	4
3	Terms and definitions .....	4
4	Principle .....	4
5	Interferences .....	5
5.1	Interferences during combustion .....	5
5.2	Interferences during absorption .....	5
5.3	Interferences during ion chromatography .....	5
6	Reagents and gases .....	5
6.1	General .....	5
6.2	Reagents for ion chromatography .....	5
6.3	Reagents and gases for combustion .....	7
6.4	Control standard .....	7
6.5	Reagents for absorption .....	8
7	Apparatus .....	8
7.1	Combustion apparatus .....	8
7.2	Ion chromatography (IC) system .....	9
8	Sampling and sample preparation .....	11
9	Procedure .....	11
9.1	Combustion .....	11
9.2	Absorption .....	12
9.3	Ion chromatography .....	12
9.4	Initial and daily checks .....	13
10	Calculation .....	14
11	Expression of result .....	14
12	Test report .....	14
