## Drinking water, wastewater and stormwater systems and services - Guidelines for the planning and implementation of infrastructure hardening for water and wastewater systems

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Protection principles .....	2
4.1	General .....	2
4.2	General objective for water infrastructure hardening .....	2
4.3	Main water and wastewater systems components .....	3
5	Risk assessment .....	3
5.1	General .....	3
5.2	Vulnerability investigation .....	4
5.2.1	General .....	4
5.2.2	Site security plan .....	4
5.2.3	All hazards risk assessment .....	5
5.3	Asset risk categorization .....	6
6	Protective measures for infrastructure .....	7
6.1	General protective measures .....	7
6.2	Security protection methods .....	7
6.2.1	General .....	7
6.2.2	Property protection by physical means .....	8
6.2.3	Monitoring and detection of intrusion .....	8
6.2.4	Property protection by human means .....	8
6.2.5	Security zones .....	9
6.2.6	Property protection by organizational means .....	9
6.3	Protection measure validation .....	9
6.4	Protection assessment .....	9
6.4.1	General .....	9
6.4.2	Ongoing review .....	9
6.4.3	Corrective measures .....	9
7	Documentation .....	9
8	Infrastructure hardening examples and configurations .....	10
8.1	General .....	10
8.2	Recommended configurations for the hardening of the different elements of a water system .....	10
Annex A (informative)	Example of recommended security measure configurations for water and wastewater infrastructure as practised in Israel .....	11

<b>Annex B (informative) Example of the indicative asset security categorization and security treatment schedules as practised in Australia .....</b>	<b>14</b>
<b>Annex C (informative) Example of recommended security measure configurations for water and wastewater infrastructure as practised in Germany .....</b>	<b>24</b>
<b>Annex D (informative) Example of general protection elements for water and wastewater infrastructure .....</b>	<b>26</b>
<b>Bibliography .....</b>	<b>31</b>
