

DIN EN 1508:2025-12 (E)

Water supply - Requirements for systems and components for the storage of water

Contents	Page
European foreword	4
Introduction	5
1 Scope.....	6
2 Normative references.....	6
3 Terms and definitions	6
4 Abbreviated terms.....	9
5 General requirements	9
5.1 General.....	9
5.1.1 General.....	9
5.1.2 Functions.....	9
5.1.3 Decision criteria and system configuration	9
5.2 Functional requirements	10
5.2.1 Functional requirements – water quality	10
5.2.2 Functional requirements – operation	12
6 Design requirements	15
6.1 Design general - volume, elevation.....	15
6.1.1 Type of service reservoirs	15
6.1.2 Operational water level.....	15
6.1.3 Capacity and exchange of water	16
6.1.4 Physical shape of water compartments.....	17
6.1.5 Materials	17
6.1.6 Piping within service reservoirs	17
6.1.7 Safe working conditions for operation and maintenance.....	17
6.2 Watertightness	17
6.3 Structural design.....	18
6.3.1 General.....	18
6.3.2 Limit states.....	18
6.4 Further provisions.....	19
6.4.1 Stress analysis.....	19
6.4.2 Stress analysis – construction	19
6.4.3 Stress analysis – water towers	19
6.4.4 Crack width	20
6.4.5 Drainage.....	20
6.4.6 External roofs.....	20
7 General requirements for products	20
8 Commissioning, tests and checks.....	20
8.1 General considerations.....	20
8.1.1 General.....	20
8.1.2 Hygiene.....	20
8.1.3 Safety of personnel.....	21
8.1.4 Principles.....	21
8.1.5 Roofs.....	21
8.1.6 Walls and floors.....	22

8.2	Cleaning and disinfection	23
8.2.1	General	23
8.2.2	Cleaning.....	23
8.2.3	Disinfection.....	23
8.2.4	Water quality clearance	23
8.2.5	Records.....	24
8.3	Commissioning	24
8.3.1	General	24
8.3.2	Water quality.....	24
8.3.3	Operations.....	24
9	Operational requirements	24
9.1	Introduction	24
9.1.1	General	24
9.1.2	Monitoring.....	24
9.1.3	Inspection.....	24
9.1.4	External inspection.....	25
9.1.5	Operating manual.....	25
9.2	Maintenance	25
9.3	Cleaning and disinfection	25
10	Rehabilitation and repair requirements	25
10.1	Introduction	25
10.2	Survey	25
10.3	Prevention of contamination	26
10.4	Return to service.....	26
	Annex A (informative) Guidance to EN 1508	27
	Bibliography	41
