

ISO 18127:2026-02 (E)

Water quality - Determination of adsorbable organically bound fluorine, chlorine, bromine and iodine (AOF, AOCl, AOBr, AOI) - Method using combustion and subsequent ion chromatographic measurement

Contents		Page
Foreword		v
Introduction		vi
1	Scope	1
2	Normative references	1
3	Terms and definitions	2
4	Interferences	3
4.1	Interferences during adsorption	3
4.2	Interferences during combustion	3
4.3	Interferences during ion chromatography	3
5	Principle	3
6	Reagents	4
7	Apparatus and materials	8
8	Sampling and sample preparation	11
8.1	General	11
8.2	Sampling for the AOF determination	12
8.3	Sampling for the AOCl-, AOBr- and AOI determination	12
8.4	Further procedure of sample preparation	12
8.4.1	AOF determination	12
8.4.2	AOCl, AOBr and AOI determination	12
9	Procedure	12
9.1	Preliminary test	12
9.2	Homogenization	13
9.3	Sample preparation	13
9.3.1	General	13
9.3.2	Test sample for AOF determination	13
9.3.3	Test samples for AOCl, AOBr and AOI determination	13
9.4	Adsorption on activated carbon	13
9.4.1	Adsorption procedure	13
9.4.2	Washing of the activated carbon for AOF determination	14
9.4.3	Washing of the activated carbon for AOCl, AOBr and AOI determination	14
9.5	Additional procedure for samples containing suspended solids	14
9.6	Blank determination	14
9.6.1	AOF blank determination	14
9.6.2	AOCl, AOBr and AOI blank determination	14
9.7	Operation of the ion chromatography system	15
9.7.1	General	15
9.7.2	Calibration	15
9.7.3	Checking the ion chromatography	15
9.8	Combustion and absorption	15
9.9	Measurement of the absorption solution	15
10	Validation of the overall procedure	16
10.1	Initial check	16
10.2	Daily check	16
10.3	Test to determine the completeness of the adsorption	16
11	Selection of usable analytical results	16

12	Calculation	17
13	Expression of the results	18
14	Test report	18
Annex A (normative)	Determination of adsorbable organically bound fluorine (AOF)	19
Annex B (normative)	Determination of adsorbable organically bound chlorine (AOCl)	22
Annex C (normative)	Determination of adsorbable organically bound bromine (AOBr)	25
Annex D (normative)	Determination of the adsorbable organically bound iodine (AOI)	28
Annex E (informative)	Determination of adsorbable organically bound fluorine, chlorine, bromine and iodine using the shaking procedure (SH-AOF, SH-AOCl, SH-AOBr and SH-AOI)	31
Annex F (informative)	Determination of adsorbable organically bound fluorine, chlorine, bromine and iodine in waters with high halide contents after solid phase extraction (SPE-AOF, SPE-AOCl, SPE-AOBr, SPE-AOI)	34
Annex G (normative)	Test to determine the completeness of the adsorption by individual combustion of the activated carbons from the multiple determinations and separate absorption	37
Annex H (normative)	Test to determine the completeness of the adsorption by common combustion of the activated carbons from different dilution levels	38
Annex I (normative)	Test to determine the completeness of the adsorption by adsorption on columns connected in series with different quantities of adsorption columns	39
Annex J (normative)	Calculation of the CIC-AOX_(Cl) from the AOCl, AOBr and AOI results added according to Annex B, Annex C and Annex D	40
Annex K (informative)	Performance data	41
	Bibliography	43
