## Water quality - Sampling - Part 19: Guidance on sampling in marine sediments

## Contents

Page

Foreword ..... iv

Introduction ..... vi

1 Scope ..... 1

2 Normative references ..... 1

3 Terms and definitions ..... 1

4 Strategies and objectives for sediment sampling ..... 2
4.1 Sampling programme and plan ..... 2
4.2 Types of surveys ..... 2
4.3 Sampling strategy and/or design ..... 4
4.4 Reference points ..... 5

5 Sampling procedure ..... 6
5.1 Vessel requirements during sampling ..... 6
5.2 Defining the position of sampling points ..... 6
5.3 Choice of sampling equipment ..... 6
5.4 Handling of sediment samples ..... 7
5.5 Sample identification and records ..... 8

6 Packaging and storage of sediment samples ..... 8

7 Safety precautions ..... 9

8 Quality assurance ..... 9
8.1 General ..... 9
8.2 Quality assurance protocols ..... 9

Annex A (informative) Example of a form for reporting -- Sampling marine sediments ..... 10

Annex B (informative) Description of sediment sampling devices ..... 12

Bibliography ..... 14
