

DIN EN 14701-2:2006-09 (E)

Characterization of sludges - Filtration properties - Part 2: Determination of the specific resistance to filtration

Contents		Page
Foreword		3
Introduction		4
1	Scope	5
2	Normative references	5
3	Terms and definitions	5
4	Principle	5
5	Apparatus	5
6	Procedure	6
6.1	Reduced pressure (Figure A.1)	6
6.2	Under pressure (Figure A.2)	7
6.3	Under pressure with a piston (Figure A.3)	7
7	Expression of results	8
8	Precision	8
9	Test report	8
Annex A (informative) Filtration apparatus		10
Annex B (informative) Table of viscosity		12
Annex C (informative) Result of validation trials		13
Bibliography		18
