## Soil quality - Guidelines for the identification of target compounds by gas chromatography and mass spectrometry

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Principle .....	1
3	Terms and definitions .....	1
4	Apparatus .....	2
5	Procedure .....	3
5.1	Retention times .....	3
5.2	Mass spectra, selection of diagnostic ions .....	3
6	Qualification .....	4
6.1	GC-MS procedure .....	4
6.2	Additional information .....	5
6.3	Reporting the presence of target compounds .....	7
6.3.1	Identification .....	7
6.3.2	Indication .....	8
6.3.3	Absence of the target compound (< detection limit) .....	8
7	Test report .....	8
Annex A (informative) Diagnostic ions to be used for identification using GC-MS .....		9
Annex B (informative) Examples .....		12
Annex C (informative) Examples of Spectra .....		18
Bibliography .....		20
