|------------------------------|--|-------------|
| Foreword                     |  | v           |
| Introduction                 |  | vi          |
| <b>1</b>                     | <b>Scope</b>   | <b>1</b>    |
| <b>2</b>                     | <b>Normative references</b>                              | <b>1</b>    |
| <b>3</b>                     | <b>Terms and definitions</b>                             | <b>1</b>    |
| <b>4</b>                     | <b>Symbols and abbreviated terms</b>                     | <b>2</b>    |
| <b>5</b>                     | <b>Main steps of cleanliness inspection</b>              | <b>2</b>    |
| <b>6</b>                     | <b>Equipment and accessories</b>                         | <b>3</b>    |
| 6.1                          | Equipment for extraction                                 | 3           |
| 6.1.1                        | Equipment for pressure-rinsing method                    | 3           |
| 6.1.2                        | Equipment for ultrasonic method                          | 4           |
| 6.2                          | Equipment for filtration                                 | 5           |
| 6.3                          | Auxiliary accessories                                    | 7           |
| 6.4                          | Equipment for analysis                                   | 8           |
| 6.4.1                        | Gravimetry   | 8           |
| 6.4.2                        | Light-optical analysis                                   | 8           |
| <b>7</b>                     | <b>Blank value</b>                                       | <b>8</b>    |
| <b>8</b>                     | <b>Test lot</b>  | <b>8</b>    |
| 8.1                          | General  | 8           |
| 8.2                          | Test lot size  | 8           |
| <b>9</b>                     | <b>Extraction</b>  | <b>9</b>    |
| 9.1                          | General  | 9           |
| 9.2                          | Test fluid   | 9           |
| 9.3                          | Pressure-rinsing method                                  | 9           |
| 9.3.1                        | General  | 9           |
| 9.3.2                        | Parameters for pressure-rinsing extraction               | 9           |
| 9.3.3                        | Procedure for pressure-rinsing extraction                | 10          |
| 9.4                          | Ultrasonic method  | 10          |
| 9.4.1                        | General  | 10          |
| 9.4.2                        | Parameters for ultrasonic extraction                     | 10          |
| 9.4.3                        | Procedure for ultrasonic extraction                      | 11          |
| <b>10</b>                    | <b>Filtration and drying</b>                             | <b>11</b>   |
| 10.1                         | General  | 11          |
| 10.2                         | Analysis filter  | 11          |
| 10.3                         | Procedure for filtration                                 | 11          |
| 10.4                         | Procedure for drying                                     | 12          |
| <b>11</b>                    | <b>Analysis</b>  | <b>12</b>   |
| 11.1                         | Gravimetry   | 12          |
| 11.2                         | Light-optical analysis                                   | 12          |
| <b>12</b>                    | <b>Test report</b>                                       | <b>13</b>   |
| <b>13</b>                    | <b>Escalation</b>  | <b>13</b>   |
| <b>Annex A</b> (informative) | <b>Explanations on “cleanliness” of rolling bearings</b> | <b>14</b>   |
| <b>Annex B</b> (informative) | <b>Pressure-rinsing parameters</b>                       | <b>19</b>   |
| <b>Annex C</b> (informative) | <b>Occupational health, safety and environment</b>       | <b>21</b>   |
| <b>Annex D</b> (informative) | <b>Example of a test report</b>                          | <b>22</b>   |
| <b>Annex E</b> (informative) | <b>Escalation strategy</b>                               | <b>23</b>   |
