

DIN EN ISO 14246:2014-10 (E)

Gas cylinders - Cylinder valves - Manufacturing tests and examinations (ISO 14246:2014)

Contents		Page
Foreword		3
Introduction		4
1	Scope	5
2	Normative references	5
3	Terms and definitions	5
4	Cleaning	6
5	Manufacturing tests and examinations	6
5.1	General	6
5.2	Valve test pressure	6
5.3	Tests to be performed on every valve	7
5.4	Inspections, verifications and examinations to be performed on a sample	7
5.5	Procedures to verify materials of construction and components	8
Annex A (informative) Example of test protocol on every valve		9
Bibliography		10
