| 5.5                     | Stresses due to motion .....                       | 13          |
| 5.6                     | Self-supporting pressure vessels .....             | 13          |
| 5.7                     | Vacuum conditions .....                            | 14          |
| 5.8                     | Pressure vessel mountings .....                    | 14          |
| 5.9                     | Internal pipework .....                            | 14          |
| 6                       | Openings .....                                     | 14          |
| 6.1                     | General .....                                      | 14          |
| 6.2                     | Reinforcement of openings .....                    | 14          |
| 6.3                     | Threaded connections .....                         | 15          |
| 6.4                     | Manhole .....                                      | 15          |
| 7                       | Non-pressure retaining parts .....                 | 15          |
| 7.1                     | Attachment welds .....                             | 15          |
| 7.2                     | Position of attachment welds .....                 | 15          |
| 8                       | Workmanship and construction .....                 | 15          |
| 8.1                     | General .....                                      | 15          |
| 8.2                     | Environment .....                                  | 15          |
| 8.3                     | Control of materials .....                         | 16          |
| 8.4                     | Acceptable weld details .....                      | 16          |
| 8.5                     | Heat treatment and forming .....                   | 17          |
| 8.5.1                   | Cold forming .....                                 | 17          |
| 8.5.2                   | Hot forming .....                                  | 17          |
| 8.5.3                   | Testing of formed parts .....                      | 17          |
| 8.5.4                   | Visual examination and control of dimensions ..... | 18          |
| 8.5.5                   | Marking .....                                      | 18          |

|                                                                           |                                                                      |    |
|---------------------------------------------------------------------------|----------------------------------------------------------------------|----|
| 8.6                                                                       | Welding .....                                                        | 18 |
| 8.6.1                                                                     | General .....                                                        | 18 |
| 8.6.2                                                                     | Longitudinal welds .....                                             | 18 |
| 8.6.3                                                                     | Welding procedure specification (WPS) .....                          | 18 |
| 8.6.4                                                                     | Qualification of WPS .....                                           | 18 |
| 8.6.5                                                                     | Qualification of welders and welding operators .....                 | 19 |
| 8.6.6                                                                     | Preparation of edges .....                                           | 19 |
| 8.6.7                                                                     | Attachments and fastenings .....                                     | 19 |
| 8.6.8                                                                     | Preheat .....                                                        | 19 |
| 8.7                                                                       | Post-weld heat treatment .....                                       | 19 |
| 8.8                                                                       | Manufacturing tolerances .....                                       | 20 |
| 8.9                                                                       | Repairs to pressure envelope and direct attachment welds .....       | 20 |
| 8.9.1                                                                     | General requirements .....                                           | 20 |
| 8.9.2                                                                     | Repair of surface imperfections in the parent metal .....            | 20 |
| 8.9.3                                                                     | Repair of weld imperfections .....                                   | 20 |
| 9                                                                         | Construction and workmanship of internal pipework .....              | 21 |
| 10                                                                        | Manufacturing tests and examinations .....                           | 21 |
| 10.1                                                                      | General .....                                                        | 21 |
| 10.2                                                                      | Mechanical testing .....                                             | 21 |
| 10.2.1                                                                    | Production test plates .....                                         | 21 |
| 10.2.2                                                                    | Longitudinal welds .....                                             | 21 |
| 10.2.3                                                                    | Circumferential welds .....                                          | 21 |
| 10.2.4                                                                    | Mechanical tests .....                                               | 21 |
| 10.2.5                                                                    | Test requirements .....                                              | 21 |
| 10.3                                                                      | Non-destructive testing .....                                        | 22 |
| 10.3.1                                                                    | General .....                                                        | 22 |
| 10.3.2                                                                    | Internal imperfections .....                                         | 23 |
| 10.3.3                                                                    | Surface imperfections .....                                          | 23 |
| 10.4                                                                      | Non-destructive testing for welds .....                              | 23 |
| 10.4.1                                                                    | Radiographic testing .....                                           | 23 |
| 10.4.2                                                                    | Marking and identification of radiographs .....                      | 23 |
| 10.4.3                                                                    | Ultrasonic testing .....                                             | 23 |
| 10.4.4                                                                    | Magnetic particle testing .....                                      | 23 |
| 10.4.5                                                                    | Penetrant testing .....                                              | 24 |
| 10.5                                                                      | Qualification of non-destructive testing personnel .....             | 24 |
| 10.6                                                                      | Visual examination of welds .....                                    | 24 |
| 10.7                                                                      | Acceptance criteria .....                                            | 24 |
| 10.8                                                                      | Stress limitation and safety precautions at the hydraulic test ..... | 24 |
| 11                                                                        | External corrosion protection and finishing .....                    | 24 |
