

DIN EN ISO 8029:2011-01 (E)

Plastics hose - General-purpose collapsible water hose, textile-reinforced - Specification (ISO 8029:2007)

Contents		Page
Foreword		3
Introduction		4
1	Scope	5
2	Normative references	5
3	Terms and definitions	6
4	Classification	6
5	Couplings and end fittings	6
6	Materials and construction	6
7	Dimensions and tolerances	7
7.1	Inside diameter and tolerance	7
7.2	Tolerance on length	7
8	Physical properties	8
8.1	Plastic compounds	8
8.2	Performance requirements for finished hose	8
8.2.1	Hydrostatic requirements at standard laboratory temperature	8
8.2.2	Hydrostatic-pressure requirements at 55 °C	9
8.2.3	Adhesion test	9
8.2.4	Bending test	10
8.2.5	Exposure to laboratory light sources	10
8.2.6	Abrasion test	11
9	Frequency of testing	11
10	Test report	11
11	Marking	11
12	Recommendations for packaging and storage	11
Annex A (normative) Abrasion test		12
Annex B (normative) Type approval and routine testing		14
Annex C (informative) Production tests		15
Annex D (informative) Couplings and end fittings		16
