

DIN EN 13442:2013-05 (E)

Wood flooring and wood panelling and cladding - Determination of the resistance to chemical agents

Contents		Page
Foreword		3
Introduction		4
1	Scope	5
2	Normative references	5
3	Terms and definitions	5
4	Principle	5
5	Test pieces and test specimens	5
5.1	Dimensions	5
5.2	Sampling	6
6	Equipment and materials	6
6.1	Apparatus	6
6.2	Test equipment	7
6.3	Chemical agents	7
7	Procedure	9
7.1	Test pieces and test specimen	9
7.2	Chemical test	9
8	Examination of the test piece	9
8.1	Rating code	9
8.2	Procedure	10
9	Expression of results	10
9.1	For each test area	10
9.2	For each test agent	10
9.3	For the whole test	10
10	Test report	10
