European foreword 3

Introduction 5

1 Scope 6

2 Normative references 6

3 Principle 6

4 Apparatus 6
4.1 Test jig 6
4.2 Equipment for climate control 9
4.3 Testing machine 9

5 Test specimens 9
5.1 Selection of wood 9
5.2 Preparation of laminations 9
5.3 Preparation of test specimens 12

6 Test procedure 12
6.1 Application of load 12
6.2 Test climates 13
6.3 Measurements and evaluation of result 13

7 Test report 13
