

DIN EN 17224:2019-09 (E)

Determination of compressive shear strength of wood adhesives at elevated temperatures

Contents		Page
European foreword		3
Introduction		4
1	Scope	5
2	Normative references	5
3	Terms and definitions	5
4	Principle	5
5	Apparatus	5
5.1	Test jig	5
5.2	Climate chamber or oven	5
5.3	Thermocouples	6
5.4	Testing machine	6
6	Test specimens	6
6.1	Selection of wood	6
6.2	Preparation of test pieces	6
7	Test procedure	9
7.1	Test at ambient temperature	9
7.2	Test at elevated temperature	10
7.3	Evaluation of result	11
8	Expression of results and test report	12
