DIN EN 13353:2022-09 (E)

Solid wood panels (SWP) - Requirements

Contents

Page

European foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions and classes 5
3.1 Terms and definitions 5
3.2 Classes for solid wood panels indicating their intended use 6
3.2.1 Technical classes for non-structural use 6
3.2.2 Technical classes for structural use 6
3.2.3 Classes for structural use based on individually declared values 6

4 Requirements 7
4.1 Dimensional tolerances 7
4.2 Moisture content at dispatch 7
4.3 Bonding quality 7
4.3.1 General 7
4.3.2 Single layer solid wood panel 7
4.3.3 Multi-layer solid wood panel 7
4.3.4 Adhesive for solid wood panels in structural applications 8
4.4 Biological durability 8
4.5 Mechanical characteristics 8
4.5.1 General 8
4.5.2 Structural applications 8
4.5.3 Non-structural applications 10
4.6 Formaldehyde release 10

5 Supplementary properties 10

6 Verification of compliance 10
6.1 General 10
6.2 External control 10
6.3 Factory production control 10

7 Marking 12
7.1 Boards marketed within the European Economic Area for construction applications 12
7.2 Other boards 12

Annex A (normative) Properties for structural and non-structural applications 13

Annex B (normative) Alternative to determining the characteristic values for the homogeneous rectangular substitute cross-section 14
