DIN EN 300:2006-09 (E)

Oriented Strand Boards (OSB) - Definitions, classification and specifications

Contents

Page

Foreword 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 6

4 Classification of boards 7

5 General requirements for all OSB types 7

6 Requirement values 9

7 Requirements for non load-bearing boards, general purpose boards and boards for interior fitments for use in dry conditions (Type OSB/1) 9

8 Requirements for load-bearing boards for use in dry conditions (Type OSB/2) 10

9 Requirements for load-bearing boards for use in humid conditions (Type OSB/3) 11
9.1 General 11
9.2 Mechanical and swelling properties 11
9.3 Moisture resistance 11

10 Requirements for heavy duty load-bearing boards for use in humid conditions (Type OSB/4) 12
10.1 General 12
10.2 Mechanical and swelling properties 13
10.3 Moisture resistance 13

11 Verification of compliance 14
11.1 General 14
11.2 External control, and inspection of an isolated lot 14
11.3 Factory production control 15

12 Marking 15
12.1 Boards marketed within the European Economic Area for construction applications 15
12.2 Other boards 16

Annex A (normative) EN 1087-1 (Modified procedure) 17

Annex B (normative) Voluntary colour coding system for OSB 18

Annex C (normative) Supplementary properties 19

Bibliography 20

Tables Table 1 -- General requirements for all OSB types 8

Table 2 -- Non load-bearing boards, general purpose boards and boards for interior fitments for use in dry conditions --Requirements for specified mechanical and swelling properties 9

Table 3 -- Load-bearing boards for use in dry conditions -- Requirements for specified mechanical and swelling properties 10

Table 4 -- Load-bearing boards for use in humid conditions -- Requirements for specified mechanical and swelling properties 11

Table 5 -- Load-bearing boards for use in humid conditions -- Requirements for moisture resistance 12

Table 6 -- Heavy duty load-bearing boards for use in humid conditions -- Requirements for specified mechanical and swelling properties 13

Table 7 -- Heavy duty load-bearing boards for use in humid conditions -- Requirements for moisture resistance 14

Table 8 -- Maximum intervals between tests for each production line 15

Table B.1 -- Voluntary colour coding for OSB 17
