Foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 7

4 Requirements 8

5 Materials 17

6 Design 20

7 Tests 30

8 Performance requirements 33

9 Technical documentation 35

Annex A (normative) Cylindrical shells under internal pressure 39

Annex B (normative) Spherical shells and dished heads under internal and external pressure 66

Annex C (normative) Dished fire tube heads 93

Annex D (normative) Flat walls, stayings and girder stays 97

Annex E (normative) Cylindrical shells under external pressure 116

Annex F (informative) Pressure Equipment Directive 97/23/EC 125

Annex ZA (informative) Relationship between this European Standard and the Essential Requirements of EU Directive 92/42/EEC of 21 May 1992 on efficiency requirements for new hot-water boilers fired with liquid or gaseous fuels 126

Annex ZB (informative) !!!!Relationship between this European Standard and the Essential Requirements of EU Directive 97/23/EC concerning pressure equipment (PED)"""" 127
