Foreword 3

1 Scope 6

2 Normative references 6

3 Terms and definitions 6

4 Performance testing of aerodynamic characteristics 7
4.1 General 7
4.2 Test Installation and conditions 8
4.2.1 General 8
4.2.2 Exhaust fan units mounted in a casing 8
4.2.3 Roof exhaust fans 11
4.3 Test procedure 11
4.4 Energy efficiency 11
4.5 Presentation of results 15

5 Performance testing of acoustic characteristics 15
5.1 General 15
5.2 Test Installation and conditions 15
5.2.1 Parameters to test and test method 15
5.2.2 In-duct method 16
5.2.3 Reverberant room method 17
5.2.4 Enveloping surface method 18
5.3 Test procedure 18
5.4 Presentation of results 19

6 Performance testing of electrical power 19
6.1 Testing method 19
6.2 Presentation of results 19

7 Safety 20
