DIN EN 17609:2024-06 (E)

Building automation and control systems - Control applications

Contents

Page

European foreword 3

Introduction 4

1 Scope 10

2 Normative references 10

3 Terms and definitions 10

4 Abbreviations 12

5 Functional specifications having an impact on energy performance, comfort, and operational requirements of buildings 14
5.1 Heating control 14
5.2 Domestic hot water supply control 39
5.3 Cooling control 45
5.4 Ventilation and air conditioning control 66
5.5 Lighting control 81
5.6 Blind control 86

6 Functional elements 90
6.1 Sensor Functions 90
6.2 Actuator Functions 99
6.3 Display and User Operation Functions 103
6.4 Control Functions 110
