E DIN EN 18352:2026-04 (E)

Erscheinungsdatum: 2026-03-20

Quality framework for internal data governance for participants in data spaces; English version prEN 18352:2026

Contents

Page

European foreword 5

Introduction 6

1 Scope 6

2 Normative references 7

3 Terms and definitions 7

4 Principles for data governance in the context of data space participation 10
4.1 Trust as a foundation 10
4.2 Continuity of internal data governance 10
4.3 Ethics in data management and use 10
4.4 Respect for data rights and responsibilities 10
4.5 Cross-border consistency 11
4.6 Fitness for purpose 11
4.7 Alignment with legal, contractual, and operational rules 11
4.8 Proportionality and scalability 11
4.9 Commitment to continuous quality improvement 11

5 Data space participants roles and processes 11
5.1 Overview of the type of roles involved in data space operations 11
5.2 Data space governance authority 12
5.3 Data provider 12
5.4 Data user 12
5.5 Data space technological provider 13
5.6 Data rights holder 13

6 Overview of the Process Reference Model 13

7 Data space governance processes 14
7.1 Establishment of the data space strategy 14
7.1.1 Purpose 14
7.1.2 Outcomes 14
7.1.3 Activities 14
7.1.4 Involved roles 17
7.2 Establishment of data space rulebook 17
7.2.1 Purpose 17
7.2.2 Outcomes 18
7.2.3 Activities 18
7.2.4 Involved roles 19
7.3 Establishment of internal organisational structures for the data space 19
7.3.1 Purpose 19
7.3.2 Outcomes 20
7.3.3 Activities 20
7.3.4 Involved roles 22
7.4 Data space risk optimisation 22
7.4.1 Purpose 22
7.4.2 Outcomes 23
7.4.3 Activities 23

7.4.4 Involved roles 24
7.5 Data space value optimisation 25
7.5.1 Purpose 25
7.5.2 Outcomes 25
7.5.3 Activities 25
7.5.4 Involved roles 26

8 Data space management processes 27
8.1 Data space management 27
8.1.1 Purpose 27
8.1.2 Outcomes 27
8.1.3 Activities 27
8.1.4 Involved Roles 29
8.2 Data product management 29
8.2.1 Purpose 29
8.2.2 Outcomes 29
8.2.3 Activities 30
8.2.4 Roles 31
8.3 Data product requirements management 32
8.3.1 Purpose 32
8.3.2 Outcomes 32
8.3.3 Activities 32
8.3.4 Roles 33
8.4 Management of trustworthiness requirements 33
8.4.1 Purpose 33
8.4.2 Outcomes 33
8.4.3 Activities 34
8.4.4 Roles 34
8.5 Management of data product metadata requirements 35
8.5.1 Purpose 35
8.5.2 Outcomes 35
8.5.3 Activities 35
8.5.4 Roles 37
8.6 Trusted data sharing management 37
8.6.1 Purpose 37
8.6.2 Outcomes 37
8.6.3 Activities 38
8.6.4 Roles 41
8.7 Data sharing contract management 41
8.7.1 Purpose 41
8.7.2 Outcomes 41
8.7.3 Activities 41
8.7.4 Roles 43

9 Data product quality management processes 43
9.1 Data product quality Planning 43
9.1.1 Purpose 43
9.1.2 Outcomes 43
9.1.3 Activities 43
9.1.4 Roles 45
9.2 Data product quality control and monitoring 45
9.2.1 Purpose 45
9.2.2 Outcomes 45
9.2.3 Activities 45
9.2.4 Roles 47
9.3 Data product quality assurance 47
9.3.1 Purpose 47
9.3.2 Outcomes 48

9.3.3 Activities 48
9.3.4 Roles 49
9.4 Data product quality improvement 50
9.4.1 Purpose 50
9.4.2 Outcomes 50
9.4.3 Activities 50
9.4.4 Roles 51

10 Supporting processes 52
10.1 Change management 52
10.1.1 Purpose 52
10.1.2 Outcomes 52
10.1.3 Activities 52
10.1.4 Roles 53

11 Process Assessment Model 53
11.1 Overview 53
11.2 Process assessment according to ISO/IEC 33000 series 54
11.2.1 Overview of the Process Assessment Model 54
11.2.2 Capability Levels 54
11.2.3 Measurement (Scoring) of Process Attributes 57
11.2.4 Evidence of Process Implementation 58
11.3 Organisational Maturity Model 59
11.3.1 Set of Processes for Maturity Level 1 – Basic 60
11.3.2 Set of Processes for Maturity Level 2 – Managed 60
11.3.3 Set of Processes for Maturity Level 3 – Established 61
11.3.4 Set of Processes for Maturity Level 4 – Predictable 61
11.3.5 Set of Processes for Maturity Level 5 – Innovating 61

Annex A (informative) Example of application 62

A.1. Scope and purpose of the example 62

A.2. Roles and responsibilities 63

A.3. Strategic execution of processes 63
A.3.1. Operational Interaction Summary 63

A.4. Assessment of the internal quality (maturity level) of each data space participant 64
A.4.1. Summary of the internal quality (maturity levels) of each participant 64
A.4.2. Detailed Assessment of the internal quality for the Regional Tourism Office (Data space governance authority) 64
A.4.3. Detailed Assessment of the internal quality for TuriTicket S.L. (Data provider) 67
A.4.4. Detailed Assessment of the internal quality for PerfectHikingTrails App (Data User) 68
A.4.5. TechSolutions Integrator (Data space technological provider) 70
A.4.6. National Museums Networks (Data rights holder) 72
