|---|--|-------------|
| Foreword .....  |  | iv          |
| Introduction .....  |  | v           |
| 1   | Scope .....  | 1           |
| 2   | Normative references .....                           | 1           |
| 3   | Terms and definitions .....                          | 1           |
| 4   | Requirements .....                                   | 2           |
| 5   | Data description and definition .....                | 3           |
| 5.1   | Data set definition .....                            | 3           |
| 5.2   | Colour encoding used in this part of ISO 12640 ..... | 3           |
| 5.3   | Natural images .....                                 | 4           |
| 5.4   | Synthetic images .....                               | 7           |
| 6   | Electronic data .....                                | 11          |
| 6.1   | Image file characteristics .....                     | 11          |
| 6.2   | Image file formats .....                             | 11          |
| Annex A (normative) Guidance for use of digital data .....                |  | 12          |
| Annex B (informative) Definition of the reference colour gamut .....      |  | 14          |
| Annex C (normative) Check-sum data .....                                  |  | 21          |
| Annex D (informative) Typical TIFF file headers used for image data ..... |  | 22          |
| Annex E (informative) Text insertion .....                                |  | 24          |
| Annex F (informative) Histogram and gamut plots .....                     |  | 25          |
| Annex G (informative) CIELAB values in colour charts .....                |  | 29          |
| Bibliography .....  |  | 33          |
