Foreword 3

Introduction 4

1 Scope 5

2 Terms and definitions 5

3 Abbreviated terms 8

4 ABC systems - an overview 9
4.1 Concept 9
4.2 Biometric references 9
4.3 Types of travel documents 10
4.3.1 General 10
4.3.2 National identity cards 10
4.3.3 Biometric passports 10
4.3.4 Schengen visa 11
4.4 Topologies of ABC systems 11

5 Biometric systems in ABC 11
5.1 General recommendations 11
5.1.1 Usability and accessibility 11
5.1.2 Architecture 13
5.1.3 Biometric security functions 15
5.1.4 Logging, data protection and privacy 20
5.2 Recommendations for face biometrics 20
5.2.1 Condition for good quality sample acquisition 20
5.2.2 Biometric verification and process design 21
5.2.3 Security 22
5.2.4 Usability and environment 23
5.3 Recommendations for fingerprint biometrics 23
5.3.1 Condition for good quality sample acquisition 23
5.3.2 Biometric verification and process design 24
5.3.3 Usability and environment 24
5.4 Recommendations for iris biometrics 25
5.4.1 Condition for good quality sample acquisition 25
5.4.2 Biometric verification and process design 26
5.4.3 Security 27
5.4.4 Usability and environment 27

Annex A (informative) **Testing examples — Facial Images** 29

Annex B (informative) **Example process for multi-camera systems for 3D face recognition** 30
