# ISO/IEC 15026-1:2013-11 (E)

## Systems and software engineering - Systems and software assurance - Part 1: Concepts and vocabulary

## Contents

Page

Foreword ..... iv

Introduction ..... v

1 Scope ..... 1

2 Applicability ..... 1
2.1 Audience ..... 1
2.2 Field of applicability ..... 1

3 Termsanddefinitions ..... 1
3.1 Terms related to assurance and properties ..... 1
3.2 Terms related to product and process ..... 3
3.3 Terms related to integrity level ..... 4
3.4 Terms related to conditions and consequences ..... 4
3.5 Terms related to organization ..... 5

4 Organization of this International Standard ..... 6

5 Basic concepts ..... 6
5.1 Introduction ..... 6
5.2 Assurance ..... 6
5.3 Stakeholders ..... 7
5.4 System and Product ..... 7
5.5 Property ..... 7
5.6 Uncertainty and confidence ..... 8
5.7 Conditions and initiating events ..... 8
5.8 Consequences ..... 9

6.1 Introduction ..... 9
6.2 Initial usage guidance ..... 9
6.4 Authorities ..... 10

7.1 Introduction ..... 11
7.2 Justification of method of reasoning ..... 11
7.3 Means of obtaining and managing evidence ..... 12
7.4 Certifications and accreditations ..... 12

8.1 Introduction ..... 13
8.2 Risk analysis ..... 13

9.1 Introduction ..... 14
9.2 Assurance activities in the life cycle ..... 15

10 Summary ..... 15

Bibliography ..... 16
